

CONVENTIONCENTER

Audio Visual Services

The Niagara Falls Convention Center (NFCC) offers a full range of audio-visual services to support your event needs. From internet capabilities to banner hangings, our in-house team is here to assist.

Please note that NFCC is a union facility, and the following information applies to all in-house AV services. If outside AV providers are required, additional union labor costs may be incurred depending on the scope and needs of the event.

For questions or to request additional services, please speak with your event manager.

Equipment and Pricing

Audio Visual Support	Price Per Day
LCD Projector (12000 lumen) (2 available)	\$750
LCD Projector (5200 lumen) (3 available)	\$300
LED Projector (4000 lumen) (Located in breakout rooms only)	\$100
55" Portable Flat Screen TV (4 available)	\$300
8x14 Fast Fold Projection Screens (2 available)	\$250
10x17 Fast Fold Projection Screens (2 available)	\$350
Wired Microphone (12 available)	\$50
Wireless Handheld Microphone (6 Available)	\$100
Wireless Lapel Microphone (4 Available)	\$100
AV Cart	\$40
12ch. Soundboard (Mackie CFX 12)	\$100
4 Channel Mono Audio Mixer (2 available)	\$35

Portable Whiteboard with 2 Markers	\$50
PowerPoint Remote Clicker and Laser Pointer	\$10

Hybrid meeting setup is available. The fee is \$3,000 per room, not including the basic AV set up/package.

During all events, NFCC will provide an in-house AV technician to assist with any audio-visual needs when NFCC AV equipment is being used.

If a dedicated AV technician is required to remain in a room to monitor equipment throughout an event, NFCC can provide this service for \$45 per hour.

Wi-Fi and Internet Pricing

Hard-Wire Internet Feed (Cable Included)	\$150
WiFi Name Change	\$150
Private Network with Password	\$200
Internet Increase (per 100 MB)	\$100
Polycom Phone	\$100

Public Wi-Fi is complimentary for all guests and customers, with no password required. Internet speeds may vary depending on the number of users.

Our standard internet speed is 10 Mbps download / 10 Mbps upload. If you anticipate heavy usage—such as streaming or downloading large files, or using multiple devices—please speak with your event manager about increasing bandwidth.

A private, password-protected network can also be arranged for your event if desired.
